Plumbing Permit Application

Pennsylvania Uniform Construction Code (PA UCC) and 2021 International Residential Code (IRC)

Application instructions: Complete all applicable sections and submit this application with the required plans, specifications, fees, and supporting documentation to Ontelaunee Township. The Code Official will determine applicable code requirements, permit fees, inspections, and whether additional approvals are required. This application is intended as a general template and does not replace local requirements or the adopted Pennsylvania code provisions.

1. Project Information

Project address	
Municipality	
County	
Parcel or tax ID number	
Project type	☐ New construction ☐Addition ☐Alteration ☐Repair ☐ Replacement
Occupancy or use	☐ One-family dwelling ☐ Two-family dwelling ☐ Accessory structure ☐ Other_____

- ☐ Fuel-gas piping associated with plumbing work
- ☐ Backflow prevention or cross-connection control
- ☐ Other: _____

3. Description of Proposed Work

Provide a clear description of the proposed plumbing work, including the areas affected and whether the work is new, altered, repaired, or replaced.

_____

_____

4. Fixture and Equipment Schedule

Fixture or equipment	New	Relocated	Replaced	Removed	Quantity
Water closet	☐	☐	☐	☐	
Lavatory	☐	☐	☐	☐	
Bathtub or shower	☐	☐	☐	☐	
Kitchen sink	☐	☐	☐	☐	
Laundry standpipe or laundry sink	☐	☐	☐	☐	
Hose bibb	☐	☐	☐	☐	
Water heater	☐	☐	☐	☐	
Sump pump or sewage ejector	☐	☐	☐	☐	
Other: _____	☐	☐	☐	☐	

5. Piping and System Information

Water service size and material		
Sanitary drainage piping material		
Building sewer size and material		
Storm drainage piping material		
Domestic water-heating method		☐ Electric ☐ Gas ☐ Heat pump Other: _____
Fuel-gas piping included?		☐ No ☐ Yes — describe: _____
Backflow prevention provided?		☐ No ☐ Yes — device/type: _____
Private well or onsite sewage system?		☐ No ☐ Well ☐ Onsite sewage system ☐ Both

6. Estimated Cost

Plumbing materials	$
Plumbing labor	$
Fixtures and equipment	$
Other construction costs associated with this application	$
Total estimated project cost	**$**

7. Applicant Information

Applicant name
Company name
Mailing address
City, state, and ZIP code

Telephone	
Email	
Applicant role	☐ Owner ☐ Contractor ☐ Design professional ☐ Authorized agent

8. Property Owner Information

Owner name
Mailing address
City, state, and ZIP code
Telephone
Email

9. Plumbing Contractor Information

Contractor name
Business name
Business address
City, state, and ZIP code
Telephone
Email
Pennsylvania contractor registration number
Local license or registration number, if applicable
Responsible plumber or supervisor

10. Design Documents and Supporting Information

Submit the following documents when required by the AHJ or applicable code provisions:

- ☐ Plumbing floor plan or riser diagram
- ☐ Site plan showing the building sewer, water service, wells, septic systems, and storm drainage, as applicable
- ☐ Fixture and equipment specifications
- ☐ Water-heater installation information
- ☐ Backflow-prevention information
- ☐ Fuel-gas piping plans, if applicable
- ☐ Product approvals or listings, when required
- ☐ Well or onsite sewage approval, when applicable
- ☐ Proof of contractor registration, licensing, or insurance, if required locally
- ☐ Other: _____

11. Code and Compliance Information

The applicant acknowledges that the proposed work must comply with the Pennsylvania Uniform Construction Code as adopted and enforced by the applicable authority having jurisdiction, including the

provisions applicable to plumbing work and any locally adopted administrative requirements. Where applicable to residential construction, the work is intended to be designed and installed in accordance with the 2021 International Residential Code and other codes or standards incorporated by the PA UCC.

The applicant is responsible for verifying the applicable code edition, permit requirements, local amendments, utility requirements, licensing requirements, plan-review requirements, and inspection procedures with the AHJ before beginning work.

12. Inspections

Work must remain accessible for inspection at the stages specified by the AHJ. Typical inspection stages may include underground or under-slab plumbing, rough-in plumbing, water-supply piping, drainage and vent piping, pressure or leak testing, water-heater installation, and final inspection. Do not cover or conceal work before the required inspection has been completed and approved.

Preferred inspection contact: _____

Telephone: _____ **Email:** _____

13. Applicant Certification

I certify that the information provided in this application is true and complete to the best of my knowledge. I understand that the proposed work must comply with the applicable provisions of the Pennsylvania Uniform Construction Code, the 2021 International Residential Code where applicable, and all requirements of the authority having jurisdiction. I understand that additional information, plan revisions, permits, approvals, or inspections may be required before or during construction.
